GOVERNMENT OF MYSORE

11th April 1892

Medl. 17-91-2

My dear Sir,

As regards Assistant Surgeon Mr. Srinivasa Iyengar I would suggest that, if there is sufficient work for him in connection with the Head Quarter Office, you should take him over altogether, giving him a supply of medicines &c, and, if necessary, a Compounder, & he would then be able to give Officials medical aid in the mornings, the most convenient time for all parties, which his connection with St Martha's Hospital more or less interferes with at present.

If this were done we would not calculate on any assistance from him at the hospital, & would make arrangements for work irrespective of him. On the other hand, if, as you

7

ing, there may not be sufficient work for him in the way referred to his services would be more or less wasted, but however that may be many the hospital work must go on & be provided for.

With regard to putting him in charge of the Out-Disp.y there would be the same difficulty as in the case of St Matthew, as there also the bulk of the work is done in the morning & he should be present there to do it, & his being there would not release the Hosp.l Ass.t for that reason for other duty, & in addition he may any day have to accompany the Division on tour & irrespective of all this the Hosp.l Ass.t there is very popular & doing excellent work & it is doubtful if present arrangements should be disturbed

Probably the best thing to do, if you have

reason to believe that Officials do not
or Government of the Medical aid for him
which they were Entitled because of his
Connection with St Matthew, would be
to take him over altogether as I said
above for a time at all Events. When he
is well do.

I conclude from what you say that Miss
Agnebamall's services will not be
available for some time

I am awfully disappointed about Miss
Wells as I hoped with her aid to put the
Maternity on a good working basis &
to begin training midwives for the
talukas &c &c

If we had Miss Agnebamall she could
take charge of the Maternity as a temporary
measure at all Events

Miss Wells' Qualifications of L.R.C.P. & S. Edin are excellent: they qualify men to enter any appointment of H. M.'s Service. Some are, as you know, good at passing Exams, but never make an Executive Officer afterwards & don't do as well as some who passed lower. Miss W. is an excitable hysterical person & the responsibility at the Maternity has proved too much for her. Probably she will do well later on when she gets accustomed to work & responsibility & improves in health & bodily strength.

I am very sincerely

Yrs very sincerely

GOVERNMENT OF MYSORE

OFFICE OF SENIOR SURGEON & SANITARY COMMISSIONER WITH THE GOVT. OF MYSORE
N. 2148
DATE 30-5-92
BANGALORE

To

The Chief Secretary to the
Government of Mysore
Bangalore.

Sir,

With reference to your letter No 3134/28 of the 21st instant, I have the honor to state there is at present no room available in the old Petta Dispensary building as porti of it is occupied by the Hospital assistan attached to the Asylums and the remaind is in use in connection with the Lanoline Vaccine paste manufacture and distribution.

2. I may be able later on to place a room there at Mr Sreenivasa Iyengar's disposal but perhaps you could give him the required accommodation in one of the buildings of the Government Book Depôt or in some building in

the Fort.

He shall be provided with a supply of medicines and appliances and a medicine hest. I think the medicines for daily se should be kept separate from those the Chest so that the latter may be lways ready to be taken on tour.

4. If this suggestion be approved and f the arrangement is to be anything f a permanent character furniture ittings and establishment on about e scale of a local fund dispensary ould be required for which I enclose stimates for sanction, the former amounting Rs 191-15-10 and the latter to Rs 25/- including -gencies. per mensem, to be met from Savings from the Dewan's Establishment or from the General Medical Budget as may be determined.

5. The daily attendance would not be as large as at a L. F. Dispensary but that would make little or no difference in the requirements as regards furniture and establishment as these are calculated on about the lowest

workable scale.

6. With regard to providing for the performance of his duties at head quarters during his absence on tour the facility or otherwise for doing this will depend a good deal on where his dispensary located.

7. If it be near a hospital a subordinate could be detailed for this work for a certain time each morning if an experienced Hospital assistant would suffice, otherwise, and if it be far, there may be sometimes a difficulty especially in times like the present when Cholera is prevalent in various parts of the Province and all our reserve men are out on special duty.

8. The difficulty as regards accommodation might be met, if expense did not stand in the way, by constructing a building for the purpose in the compound of the district office where there seems to be plenty of room.

9. In conclusion I would suggest the advisability of defining what class of officials shall be entitled to medical attendance at their own houses

and who shall attend at the dispensary for the purpose, say between 7.30 & 9.30 a.m; it being understood that all shall be entitled to the former privilege when the illness is sufficiently serious to incapacitate them from going to the dispensary. The classification could be based on salary, say, all who draw Rs 100/ or more per mensem shall be entitled to attendance at their houses and all others shall attend at the dispensary except when seriously ill and unable to do when they shall be visited at their houses by the Medical officer.

10. The lower the scale at which the first class is fixed the greater the number of visits the assistant surgeon will have to make to the residences of sick officials and the less the time will he have at the dispensary.

11. I understand from your letter under reference that the duties of the Sub assistant Surgeon shall be confined to officials of the Dewan's Establishment.

I have the honor &c,
Sir
Your most obedt: Servt.

Brigade Surgeon Lt. Cl. T. J. McGan
F.R.C.S.
Senior Surgeon & S. Commissioner M. G

Sir.

In reply to your Docket No. 3277 dated 17-10-92 requiring me to submit "A Report & Return of the Work I have done", I have the honor to submit the Same for your Kind & favourable Consideration:—

Report.

In obedience to your docket No. 1286 dated 21/12/ I joined St. Marthas Hospital for duty on the 24th December 89 & prescribed for the females & Children (out-patients) till the 1st January 1890, When after your return from Madras, you were please pleased to place me in Charge of the male out-pati including the Sawar. & Barr, the police & the Offici Sick, and also to order me to have the Charge of the Surgical Instruments & apparatus, & of the Stor of medicines, keeping an account & checking the expenditure of the latter; I Continued in the Same Charge till the middle of April 1890. When the poor lamented late Mr Costello, the then Chief assistant to Senior Surgeon & S.C, Succumbed to a Severe attack of Influenza and I was left alone in the Hospital, with only two hospital assistants, to assist Dr Dobson, the Offg Senior Surgeon in the discharge of the Several duties in Connection with the St Martha's Hospital.

Influenza was raging all over the town and our wards & out-patient rooms were full of bad Cases & as it was the Commencement of the Official year, all our Annual returns & Indents were due and hence newly as I wa entertained, & Suffering as I was myself from

Influenza, I had to prepare & send in all these with all possible haste. I had to go out & see the bad cases in the petta so very frequently, that I could hardly snatch two or three hours for my sleep in the twenty four hours of the day. How I acquitted myself in the discharge of these several duties, Dr. Dobson, I trust, will certify to & the records will show.

Mr. Achyuta Rao joined as Actg Chief assistant on the 7th May 1890 & then, I was relieved of a portion of my duties, he having taken charge as Chief assistant, of the inpatients and of the Correspondence of the Hospital. This continued till January 91, when the Government Notification 353 dated 8th January 91. — announced my posting to the Head Quarters establishments & General Duty.

Although according to Govt. Proceedings No: 8851.4 dated 5th May 1884 one Assistant Surgeon is allotted solely for the Head Quarter charge.

Charge & although my predecessors had enjoyed that privilege, yet I was directed to Continue to do my originally prescribed duties in the St. Martha's Hospital and perform in addition, the Head Quarter Duties as well.

To please you & the Govt. I worked Very hard indeed for nearly Six months to discharge both duties Satisfactorily, when, even at Very Great Sacrifices to my health & purse. I found mySelf unequal to the task imposed on me. & requested you in person to relieve me of one of the duties; but the Congress in London having taken you away, as Mysore Delegate, from Bangalore, I was obliged to make an application in July 91 to Dr. Bensen, the then Offtg Senior Surgeon & S.C, requesting him to relieve me; who, after Very Careful Official* enquiry into the matter of the Civil Surgeon of Bangalore, and of the Chief assistant, replied in his Docket No: 184 dated 30-7-91 that he would relieve me within.

* Record to be found in the Senior Surgeon's Office

within a week.

Unluckily for me, no relief was given till you returned from England, when you were pleased to order me off with the Dewan's Camp in the late famine tour throughout the province. After returning from the tour, I was put in charge of the females & Children (out-patients) in St Martha's till 29th March 1892. when I was relieved of this duty & directed to prepare the "Duodecennial Report of the progress in the medical Department of the province since the rendition," which being finished on the 15th May I was telegraphed to relieve Assistant Surgeon Kristnaswami Iyyer at Hassan: After returning from Hassan I was again in charge of the female & Children out-patients in St Martha's till the 26th August 1892 when you were pleased to relieve me of all hospital duties & attach me solely to the Head Quarter Charge. Begging to be excused for this rather lengthy but necessary preliminary digression, I shall

Summarise.

(6)

27

Summarise the details of my work in both these charges, as follow:—

St. Martha's Hospital

1 Examining & prescribing for Out-patients (80 to 120) between 7 & 12 a.m. & 4 & 8 p.m. and attending to emergent Calls at all hours of day & night.

2 Keeping accounts of the Instruments & medicines & checking their expenditure. I retained Charge of the Stock & Instruments almirah Keys till the Quarters were built for the Assistant Surgeon & till Mr. G. L. Lakshmansami occupied it towards the end of October 1891.

3 Teaching the medical pupils the elements of Anatomy & Materia Medica and delivering lectures to Hospital assistants on medical & allied Subjects.

4 Performing post-mortem Examinations & Surgical operations major & minor & issuing police Certificates & appearing

in

(7)

28

in the Court whenever summoned by the Court to do So.

post mortem Examinations:— Out of 14 P. M. Examinations Conducted in St Martha's Hospital between December 90 & 91 I have Conducted Six.

police Certificates:— Out of thirteen Certificates issued in St Martha's Hospital between December 90 & 91 Seven are mine

Surgical Operations:—

year 1889-90:—	30	out of 65 major operations performed in St Martha's in the year.	
" 90-91:—	27	" " 80	" " " " "
" 91-92 (August)	5	" 26	" " " " " "

II. Head Quarter's Establishment & General duty

I have been in charge of this duty Since the 14th January 1892 except for about 10 days when I officiated as Chief Assistant to the Senior Surgeon & S. Commissioner, and

Resident Surgeon St Martha's Hospital in October 1891. Pending the definition & Settlemen of the details of the duty in Connection with this charge, I have attended to all Calls without questioning the authenticity or the rationalé of the Call. The Menial Servan and low-paid officials who Sought my advi I have examined & prescribed in the hospita as they Could not afford to buy medicine elsewhere. Some of the Officials who wanted Certificates have been treated in the St Martha Hospital & their names entered in the Officia & other registers of the Hospital. A Very Small number Consulted me in my place I have given them advice & prescription. My duty has however been mostly of an itinerant nature, partly because there was no place fixed where they Could all Collect & Consult me during appointed hours & partly because they were mostly bed-ridden & Cou not get out of their house. As it has not been the Custom to Keep a regular record

of

(9)

30

of these patients, as is done in all hospitals and dispensaries, it is not possible for me now to give exact figures & dates regarding them. Any how I have with me a rough diary-form report of these patients & I shall submit the same for your kind perusal if ordered to do so.

The most important cases have been fevers & eye diseases. Of the former, eight were genuine cases of typhoid fever & all of them were cured. Most of them were very complicated cases. In one case the fever continued for six weeks, the patient being comatose during the last 2 weeks of fever. Slowly but surely he was tided over the critical stages. Of the eye diseases one a very chronic case of tarsal ophthalmia & "blear eye" has been under treatment for more than twenty months.

A perusal of the diary will give the diseases treated & a rough estimate of the period under treatment. Luckily, I have no deaths to report except one or two cases who were relations of the officials or officers in Bangalore.

The number of the patients treated and the nature of the ailment, should not be the only Criteria for judging the amount & the nature of my work. There are other Considerations which far outweigh these. The responsibilities are Comparatively speaking heavier here than elsewhere. & there is more anxiety & mental worry: whereas in the hospital there is a — differentiation of the Various functions such as prescribing, Compounding, dressing, nursing, Watching &c; One must Combine in himself all these duties here. As there are no fixed hours of duty, regular hours for food & sleep are out of the question. Midnight Calls, sleepless and anxious nights are not unfrequent. The time, the trouble & the individual attention that each Case demands & that ought to be accorded is much more than what Can be done in the hospitals & dispensaries. patients Sometime live at such Considerable distances from me and from one another, that is not possible

32

to attend to more than three or four Calls in the morning even driving in a horse Conveyance.

There are other peculiarities which in the nature of things are quite Characteristic of the Head Quarter duty & for which there is nothing Corresponding to in the hospital.

Now finally, as regards my work in the St. Marthas Hospital, I may say without fear of Contradiction that I have done there as much at least as any of my Colleagues (Sub. assistant Surgeons) have done & regarding the Head Quarter Duty it is not too much for me to say that the number of Officials treated is Considerably larger than those treated by my predecessors. At any rate, my report Contrasts very favourably when Compared with that of Mr. Sancaman, who was solely in Charge of the Head Quarter Establishments some time back.

12)

Now, Sir, in Conclusion, I beg to request that you will Kindly accept this humble report of mine, and to express a regret that it Could not be bettered at present, & to state also that I shall be able to Submit better reports in future provided I am furnished with a regular record Office & the necessary para-phernalia.

I have the honor to remain

Sir

Your most obedient & humble Servant

W. Srinivasaiyar

Sub. Assist Surgeon.

No 2539
18/10/92

My very first promotion, Sir, in February last has been a source of sad disappointment to me. Although during the past 2 years, I have been satisfactorily discharging the duties of 2 Asst Surgeons, I have not been half so lucky, regarding promotion, as either my predecessors or successors in the Sub-Asst Surgeon grade. The former had, fortunately for themselves, a sudden jump from the last grade of Sub Asst to the last grade of Asst Surgeon within a year or two of their entering Service: and the latter juniors as they were to me in Service and qualifications, were promoted on the same day with me to the 1st grade of Sub Asst Surgeon. The latest proceedings of the Govt, while it enables, and (has enabled) my juniors to be promoted within 2 years of their entering Service as Sub Assts, actually debarred me from having the same privilege, my only fault being perhaps, that I was doing the duties of two officers instead of that of one for the past 2 years.

Now that I am on the eve of completing my 3rd year as Sub Asst Surgeon, I should be highly obliged by your promoting me to the Asst Surgeon grade

No. 200
Enclosure No. 1

Office of the Comptroller of Mysore,
Bangalore, 17th July 1893.

From E. R. Subrayar Esquire BA. BCE.
Comptroller of Mysore.

To
The Chief Secretary
to the Dewan of Mysore.

Sir,

With reference to your No $\frac{19906}{4872}$ dated 19th May 1893 I have the honor to state that Sub Assistant Surgeon B. D. Raghavendra Row acted for Assistant Surgeon E. S. Krishnaswami Iyengar, when the latter was on 7 days Casual leave.

The Sub Assistant was allowed a batta of 2 Rs a day, as there was no provision of any kind in the Code for any other allowances.

2. In the instance under reference the Assistant Surgeon was on Privilege leave, a leave recognised by the Code and for which Special rules have been framed in regard to acting allowances &c

3. The Sub Assistant having acted for an Officer on Privilege leave his allowances can only be calculated under the rules pertaining thereto.

4. Calculated under these rules the Sub Assistant

Surgeon is not entitled to more than his own emoluments namely - Rs 120/ which is rather hard.

5. I would therefore suggest that when Sub Assistant Surgeons act for Assistant Surgeons they may be permitted to draw in addition to their own emoluments (not pay alone as hitherto allowed) the acting or charge allowance they may be entitled to under the rules.

6. Under this arrangement Mr Sreenivasa Iyengar is entitled to

draw

90 Pay
30 His own fixed allowance

120 Rs + $\frac{3}{4}$ of acting allowance on Rs 150 i.e. 22-8-0.
Total = 142-8-0.

I would also suggest that in the case of casual leave for longer period than 5 days the above calculation for allowances may be adopted, for the shorter period a batta 2 Rs a day being allowed.

Enclosure is herewith returned.

I have the honour to be
Sir,
Your most obedient Servant.
Eagles
Per Comptroller

To

Brigade Surgeon Lt. Colonel T. J. McGann F.R.C.S. &c
Senior Surgeon & Sanitary Commissioner, Mysore Govt.

Sir,

With reference to your memo No 2890 dated 30th August 1892, returning my bill of 22-6-92 and directing me to submit a revised bill as per instructions in the memo, I have the honour to reinclose the same for your favourable reconsideration & disposal and at the same time to submit the following few facts in connection therewith. —

1. In obedience to your telegram from Ootacamund ordering me to relieve Asst Surgeon Krishnaswamy Iyer of Hassan, I was obliged to leave this Station, all on a sudden, with no time for preparation or for arranging for a conveyance from Arsikere to Hassan and with nobody here to look after my household & family.

2. In the interests of public service & in obedience to your orders, I did leave the station with all possible haste though with great inconvenience to myself & my family.

3. On account of the prevalence at the time of cholera

according to Art 82: Mysore S. Regulations, only 3/4th of this sum or Rs 22 1/2 is admissible for the first 30 days of acting; by accepting which, I should, as a matter of course, forego my allowance of Rs 30 as Sub-assist Surgeon and exchange Rs 22 1/2 of the higher grade for Rs 30 in my own humble lower grade

6. Sub-assist Surgeon B. D. Raghavendra Rao, when he acted for the same place about this time last year for about 8 days, has been allowed to draw his batta for the days he worked at Hassan, though he had not, luckily, to contend against any of the difficulties which unavoidably I have been put to, the season then being good, & full time for preparation being given him on account of the early intimation of the order. I am even prepared to forgo over two days, if necessary, provided the same concession is shown me as well, according to Art 552 (M. S. Regulations).

7. In conclusion, I pray that you will kindly recommend my pitiable case to the Govt. if necessary, for a special sanction of the sum I have claimed in the bill, which is actually much less than what I was compelled to spend on account of the Hassan tour.

I have the honour to remain, Sir,
Your most obedient & humble servant

Bangalore
6th September 1892 }

W. Srinivasiengar M.B. C.M.
Sub assist Surgeon. Inch
Hd Quarter Establishments & General Duty

of Cholera at Arsikere, Hanahalli and the surrounding villages, I was compelled much against my will to halt at Arsikere, transit communication between Arsikere & Hassan having been temporarily stopped for some time previous owing to the dread of the Epidemic & no other conveyance being available though I was prepared to pay any sum at all that was charged by the owners; and when I did get a Conveyance with great difficulty, I was not only compelled to travel by the longer route but also to pay very heavily indeed. I had to put up with the same difficulties even whilst returning from Hassan to Arsikere on my way back to Bangalore.

“Although the travelling & other allowance is not to be a source of profit, yet it must be enough to cover the actual travelling expenses incurred by him in the interests of public service” (Vide M. Service Regulations Art 513 & 514)

Far from being a source of profit, it has been a source of considerable loss to me, in this particular instance, at any rate.

You have been pleased, in your Memo 2890, to instruct me to calculate actual allowance at “20% on the average pay of the [illegible] Surgeons, viz Rs 150 i.e. Rs 30 per month.”

4 L.C. (17) — (18)

Read:— Correspondence ending with the letter No. 200 d/17th July 1893, from the Comptroller to the Govt. of Mysore relating to the claim of Mr. Sub asst. Surgeon V. Srinivasa Iyengar (now asst. Surgeon) for batta while he remained at Hassan in May 1892 acting for Mr. Assistant Surgeon E. V. Krishnaswamy Iyer absent on privilege leave.

Recd. 17-1-11.

p. 260

Su

Order thereon $\frac{\text{No. } 11801-2}{87-23-93}$ d/ $\frac{17-1-94}{22}$

Under the special circumstances of the case in addition to the travelling allowance already sanctioned for the journey to and from Hassan, batta at Rs 2 per diem is claimed for the period Mr. Srinivasa Iyengar stayed at Hassan and sanction thereto is solicited under article 552 of the Mysore Service Regulations. The arrangement made by the Senior Surgeon practically amounted to Mr. Srinivasaiengar's deputation for duty at ~~Chikmagloor~~ Hassan to meet the exigencies of the Public Service and the claim is accordingly sanctioned as a special case.
